## **5. Relationship to PSEM Act and Awards**

5.1 This Agreement will be read and interpreted in conjunction with the PSEM Act to the extent that it applies, and will prevail over the PSEM Act to the extent of any inconsistency. For the avoidance of doubt, the PSEM Act is not incorporated into the Agreement.

5.2 The PSEM By-laws do not apply to employees covered by this Agreement, however:

- (a) By-law 8 (Long Service Leave);

*Note: The application of By-law 8 is subject to the provisions of clause 86 of this Agreement dealing with Long Service Leave.*

- (b) By-law 26 (Northern Territory Allowance), subject to clause 71;

- (c) By-law 33 (Recreation Leave Airfares);

as varied from time to time, are to be applied as if terms, conditions and entitlements otherwise provided under the Agreement.

5.3 The Commissioner undertakes that for the term of this Agreement, general employment conditions specified in the PSEM By-laws and Determinations will not be unilaterally varied without consultation and agreement with the affected parties prior to the formalisation of an amendment.

5.4 The parties acknowledge that the terms and conditions of the *Northern Territory Public Sector Enterprise Award 2016* do not apply whilst this Agreement is in effect.

## **6. Objectives of Agreement**

6.1 The parties acknowledge:

- (a) that a cooperative approach is necessary to effectively implement this Agreement;
- (b) that continuous improvement strategies, such as improved human resource practices, flexibility in working arrangements and work methods, skills enhancement, individual development, professional development programs, asset growth, and new business opportunities, are necessary to ensure the efficiency and productivity of Territory Generation, whilst at the same time improving and maintaining ongoing employment opportunities, and specifically employment security;

- (c) the need to jointly examine and consider all options when pursuing improvement strategies to ensure the achievement of the most cost-effective and productive outcomes; and
- (d) the Commissioner commits there will be no reduction in current or future employee rights and entitlements as provided in By-laws and Determinations, including the provision of allowances and leave arrangements, for the term of the agreement.

6.2 The parties will continue to strive towards productivity improvements during the life of this Agreement, including:

- (a) avoiding injury to our people or damage to our assets and the environment;
- (b) improved quality of service;
- (c) more responsive solutions to client demands;
- (d) more cost-effective management and work practices;
- (e) better use of employees' skills;
- (f) improved accountability, governance and administrative arrangements;
- (g) improved access to and use of new technologies; and
- (h) commitment to and achievement of organisational strategic objectives.

## **7. Code of Conduct**

Employees are required to undertake their duties, having regard to Employment Instruction 12 – Code of Conduct and the Territory Generation Code of Conduct, which may be amended from time to time. A copy of the Codes of Conduct will be provided to each new employee as part of the employee's induction.

## **8. Safety, Health, Welfare, Discrimination and Workloads**

8.1 This clause sets out the parties commitments to the following fundamental principles and acknowledges their importance in:

- (a) ensuring a safe and satisfying work environment for employees;
- (b) enabling the employer to meet its statutory obligations and strategic corporate objectives; and
- (c) supporting sector wide guidelines to ensure work health and safety of employees, including remote employees and where travelling for work is required.

8.2 The parties are committed to achieving and maintaining a safe and healthy work environment. It is acknowledged that Territory Generation wants employees to be safe in everything they do and, consistent with its safety values, both the employer and employees will take all reasonably practicable measures to prevent injuries in the workplace, and to promote the health, safety and welfare of employees and others, including:

- (a) establishing a Workplace Health and Safety Committee, incorporating Health and Safety Representatives (HSRs), that meets on a regular and ongoing basis to address work health and safety issues;
  - (b) providing support and assistance for employees who may experience mental health issues through Employee Assistance Programs and other health and wellbeing initiatives;
  - (c) ensuring that all safety equipment purchased by Territory Generation complies with relevant Australian Standards;
  - (d) continuation of appropriate mandated safety training;
  - (e) provision of appropriate safety training and resources for members of safety committees; and
  - (f) monitoring of employee's working hours and utilisation of options to ensure that hours do not reach a level that compromises health and safety including:
    - (i) a commitment that no employee be expected to work beyond 16 hours without a rest period (or such lesser hours as are considered appropriate having regard to agreed guidelines relating to fatigue management, as varied from time to time);
    - (ii) redesign of work processes;
    - (iii) review of organisational structures;
    - (iv) training and development; and
    - (v) employee resources within immediate and related work areas.
- 8.3 Employees shall be granted reasonable unscheduled short rest breaks (other than meal breaks) during work hours to refresh and to ensure safe systems of work.
- 8.4 The parties are committed to achieving and maintaining a safe and healthy work environment, free from inappropriate workplace behaviour, discrimination and bullying and the employer will take all reasonably practicable steps to:
- (a) foster a culture of respect in the workplace; and
  - (b) ensure employees are treated appropriately and not subject to inappropriate workplace behaviour and bullying.
- 8.5 The parties are committed to achieving an appropriate work life balance. Whilst recognising that there may be unavoidable peak work periods which result in increased workloads and overtime levels, the parties support the principle that Territory Generation is sufficiently resourced to enable employees to perform their job within their ordinary hours plus any reasonable additional hours. To enable this, the CEO will monitor workloads and staffing levels and implement such strategies as are necessary to facilitate reasonable workloads.

- 8.6 In the event that an employee experiences ongoing and sustained workload issues, corrective action will be agreed between the employee and Territory Generation as follows:
- (a) the employee will approach their manager at first instance to discuss options for resolving the matter (e.g., additional training, resourcing, time off in lieu), and may request in writing a review of the workload issues; and
  - (b) if no resolution is agreed within three months, the matter will be escalated to the Manager People and Capability for further consideration.

8.7 In addition, overall workload trends may be reported to the GCC.

## **9. Employment Security**

- 9.1 While recognising that reorganisation and changes to staff numbers arising from various factors occur within Territory Generation, the parties agree that there will be no involuntary redundancies (notice of redundancy) for the term of the Agreement.
- 9.2 Clause 9.1 does not apply to an employee, who has been declared potentially surplus to requirements under section 41 of the PSEM Act and registered on the Commissioner's Redeployment Database for longer than two years.
- 9.3 The agreement in clause 9.1 to have no involuntary redundancies depends upon the mutual agreement to reasonable retraining and re-deployment to a position which is equivalent in status and remuneration within an employee's current locality to the extent that would not require a move of residence or travel further than a 50km radius of their original work location.
- 9.4 In recognition of its commitment to employment security, Territory Generation will use natural attrition, redeployment, and voluntary redundancy as the principal mechanisms should any decrease in workforce size be necessary during the life of this Agreement.
- 9.5 Variations to the principal mechanisms referred to in clause 9.4 will be negotiated and agreed between the parties as required.

## **10. Redeployment and Redundancy**

- 10.1 The provisions of Schedule 4 Northern Territory Public Sector Redeployment and Redundancy Entitlements do not apply in transfer of business or transfer of employment situations where work of Territory Generation is transferred or outsourced to another employer and the employee is offered employment with the second employer to perform the same or substantially similar work.
- 10.2 The National Employment Standard of the FW Act contains minimum entitlements relating to redundancy pay, including in transfer of business or transfer of employment situations. The FW Act provisions state, among other things, that redundancy pay does not apply in these situations if:
- (a) the second employer recognises the employee's service with Territory Generation; or
  - (b) the employee rejects an offer of employment made by the second employer that:

- (i) is on terms and conditions substantially similar to, and considered on an overall basis, no less favourable than, the employee's terms and conditions of employment with Territory Generation immediately before termination; and
- (ii) recognises the employee's service with the first employer,

unless the FWC is satisfied that this would operate unfairly to the employee who rejected the offer, in which case, upon application, the FWC may order Territory Generation to pay the employee a specified amount of redundancy pay.

## **11. Period of Operation**

- 11.1 This Agreement will commence seven days after it is approved by the FWC (the commencement date) and will have a nominal expiry date of 15 July 2026.
- 11.2 The parties agree to commence negotiations for a replacement enterprise agreement, at least four months prior to the expiry of this Agreement, or earlier or later by agreement between the parties to the Agreement.

## **12. No Extra Claims**

- 12.1 This Agreement constitutes a final settlement of the parties' claims.
- 12.2 The parties agree that they will not for the period from commencement of this Agreement until its expiry, make claims for the making of a further agreement, whether in relation to matters dealt with in this Agreement or otherwise.

## PART B – CONSULTATION AND DISPUTE RESOLUTION

### 13. Dispute Settlement Procedures

13.1 The parties are committed to avoiding industrial disputation about the application of this Agreement.

13.2 This clause sets out the procedures to be followed for avoiding and resolving disputes in relation to:

- (a) a matter arising under this Agreement; or
- (b) the National Employment Standards.

13.3 In the event of a dispute about a PSEM By-law issued under the PSEM Act that applies to Territory Generation, clauses 13.6 to 13.7 will apply.

13.4 An employee who has a grievance about matters referred to in clause 13.2 can utilise section 59 of the PSEM Act to have the decision reviewed.

13.5 General

- (a) A party to a dispute may appoint another person, organisation or association to accompany or represent them at any stage of the dispute. Representatives will be recognised and dealt with in good faith.
- (b) The parties to a dispute must genuinely attempt to resolve the dispute through the processes set out in this clause and must co-operate to ensure that these processes are carried out expeditiously.
- (c) Whilst a dispute is being dealt with in accordance with this clause, work must continue in accordance with usual practice, prior to the dispute arising, provided that this does not apply to an employee who has reasonable concerns about an imminent risk to their health and safety, has advised their supervisor of this concern and has not unreasonably failed to comply with a direction by their supervisor to perform other available work that is safe and appropriate for the employee to perform.
- (d) Subject to any agreement between the parties in relation to a particular dispute, it is agreed that the provisions of the FW Act will be applied by the FWC with respect to the exercising of its functions and powers under this clause.
- (e) Any decision or direction the FWC makes in relation to the dispute will be in writing.
- (f) Subject to the right of appeal under clause 13.8(d), any direction or decision of the FWC, be it procedural or final, will be accepted by all affected persons and complied with by the parties.
- (g) A dispute formally commenced under the *2018 – 2022 Territory Generation Enterprise Agreement*, but not resolved before the commencement of this Agreement, shall continue to be dealt with in accordance with the dispute settling procedures in this Agreement. Any steps already taken in that process

will be recognised and accepted by the parties and the FWC as steps taken for the purposes of this clause.

#### 13.6 Internal Resolution

- (a) In the first instance, the parties to the dispute must try to resolve the dispute at the workplace level, by discussions between the employee(s) and/or union and relevant managers and/or Territory Generation CEO.
- (b) If discussions at the workplace level do not resolve the dispute, a party to the dispute may refer the matter to the Commissioner for resolution. The referral should be in writing. The Commissioner will work with the parties to the dispute and attempt to resolve the matter as soon as reasonably practicable.
- (c) Where reasonably practicable, attempts to resolve the matter under each stage of the process referred to in clauses 13.6(a) and 13.6(b) will begin within 48 hours of, and be completed within 10 working days of the referral relating to that particular stage.

#### 13.7 Conciliation

- (a) If the dispute remains unresolved after the parties have genuinely attempted to reach a resolution in accordance with clause 13.6, any party may refer the dispute to the FWC, for resolution by conciliation.
- (b) Provided the requirements of clauses 13.5 and 13.6 have been met by the parties to the dispute, it is agreed that jurisdiction will not be raised by any party at conciliation.
- (c) Conciliation before the FWC will be regarded as completed when:
  - (i) the parties have reached agreement on the settlement of the dispute; or
  - (ii) the member of the FWC conducting the conciliation has either of the member's own motion, or after application by any party, satisfied themselves that there is no likelihood that further conciliation will result in a settlement within a reasonable period.

#### 13.8 Arbitration

- (a) If a dispute remains unresolved at the completion of conciliation, either party may refer the dispute to the FWC for determination by arbitration, subject to any jurisdictional submissions.
- (b) Where a member of the FWC has exercised conciliation powers in relation to the dispute, that member will not be the member responsible for conducting the arbitration if any party to the dispute objects to that member doing so.
- (c) Subject to clause 13.8(d), the determination of the FWC is final and binding.
- (d) A party may appeal an arbitrated decision of a single member of the FWC, with leave of the full bench, provided that such appeal is lodged within 21 days of the decision being made.

- (e) For the avoidance of doubt, this clause does not apply in relation to disputes about matters referred to in clauses 13.3 and 13.4.

#### **14. Use of Surveillance Technology**

- 14.1 Territory Generation uses surveillance technology to manage and monitor the corporation's plant and assets.
- 14.2 Should surveillance technology be relied upon in suspecting an employee has committed a breach of discipline, Territory Generation will manage any discipline process in accordance with the NTPS Discipline Handbook and Territory Generation Disciplinary Procedure.
- 14.3 In accordance with the NTPS Discipline Handbook and Territory Generation Disciplinary Procedure, any process will ensure that an employee has a right to natural justice as provided for in Employment Instruction 3, including access to all relevant information that may be being relied upon, and the reasonable opportunity to respond to that information.

#### **15. Generation Consultative Committee**

- 15.1 The GCC is a forum to regularly consult on the implementation of significant organisational and attitudinal reforms.
- 15.2 Territory Generation recognises the importance of appropriate consultation and information sharing through the GCC when implementing reforms.
- 15.3 The GCC will adopt a charter which includes provisions regarding:
  - (a) membership composition and appointment process;
  - (b) schedule of meetings and quorum;
  - (c) meeting agendas (including identification of standing agenda items) and minute taking; and
  - (d) establishment and operation of working parties or projects falling within the scope of the GCC.
- 15.4 The parties acknowledge that the GCC has the power to make recommendations but is not a decision making body.
- 15.5 Territory Generation and the GCC will monitor implementation of this Agreement and cooperate in resolving any matters which might arise in giving effect to any part of this Agreement. In doing so, the GCC will not consider the application, interpretation or modification of the terms and conditions of employment governed by this Agreement.

## **16. Resourcing**

- 16.1 Territory Generation recognises that employees should be able to maintain a healthy work life balance, and that resourcing appropriate staffing levels and workloads can improve management of workplace conditions including, but not limited to:
- (a) rostering;
  - (b) on-call and overtime;
  - (c) access to leave;
  - (d) training; and
  - (e) fatigue management.
- 16.2 The parties agree that the Generation Consultative Committee will be consulted on resourcing and workload issues on a quarterly basis at its scheduled meetings.

*Note: This means that superannuation will only be paid up to the maximum contribution base even if an employee's ordinary time earnings (including allowances which count for purposes of superannuation) exceed this amount.*

51.3 The Commonwealth Superannuation Scheme (CSS), Northern Territory Government and Public Authorities Superannuation Scheme (NTGPASS) and Northern Territory Supplementary Superannuation Scheme (NTSSS) are classified as exempt public sector superannuation schemes under the Superannuation Industry (Supervision) Act 1993. *Note: CSS was closed to new members from 1 October 1986 and both NTGPASS and NTSSS were closed to new members from 10 August 1999; employees employed before these dates may be members of the CSS, NTGPASS and NTSSS.*

(a) An employee who currently has their employer superannuation guarantee contributions paid to a Choice of Fund superannuation fund (e.g. employed after 10 August 1999) may salary sacrifice into that fund or another complying superannuation fund.

- (b) An employee who currently contributes to the Commonwealth Superannuation Scheme is not able to salary sacrifice into that scheme but can salary sacrifice into another complying superannuation fund.
- (c) An employee who currently contributes 6% to Northern Territory Government and Public Authorities Superannuation Scheme (NTGPASS) may salary sacrifice into NTGPASS or another complying superannuation fund.
- (d) While there is no limit to the amount an employee can salary sacrifice to superannuation, the amount sacrificed plus any other employer contributions (whether real or notional) will be assessed against the Commonwealth concessional contribution cap relevant to their age. The employee is responsible for any tax and interest that may be imposed by the Australian Taxation Office or other relevant authority for them exceeding the Commonwealth concessional contribution cap.
- (e) The arrangement operates at no additional cost to the Northern Territory Government, either directly or indirectly.
- (f) The arrangement does not operate to reduce employer superannuation contributions for employees that would ordinarily be payable by the Northern Territory Government in the absence of salary sacrifice arrangements.
- (g) When an employee who is member of the Commonwealth Superannuation Scheme or NTGPASS, or Northern Territory Supplementary Superannuation Scheme (NTSSS) enters into a salary sacrifice for employer superannuation arrangement, the employee's annual rate of salary for superannuation purposes shall remain at the rate set out in this Agreement (that is, the salary sacrifice arrangement has no effect on the employee's annual rate of salary for superannuation purposes).

### **53. Salary Sacrifice Packaging**

53.1 Under this Agreement an employee may choose to enter into salary sacrifice packaging arrangements in compliance with Commonwealth taxation legislation and any rules and regulations imposed by the Australian Taxation Office or other relevant authority. Under the arrangement the following conditions will apply:

- (a) the arrangement operates at no additional cost to the Northern Territory Government either directly or indirectly;
- (b) salary sacrifice arrangements may cease or be modified to reflect any changes to the Commonwealth taxation legislation or rules. Any additional taxation liability arising from these changes will be met by the employee;
- (c) an employee shall meet any administration costs as part of the salary package arrangements, including any Fringe Benefit Tax liabilities that may arise;
- (d) an employee's salary for superannuation purposes and severance and termination payments shall be the gross salary which would have been received had the employee not entered into a salary sacrifice packaging arrangement; and

- (e) an employee will provide evidence of having obtained or waived their right to obtain independent financial advice prior to entering into a salary sacrifice packaging arrangement.

**54. Technical Coordinators and Technical Specialists – Appointments above Base**

54.1 Subject to clauses 54.2 and 54.3, an employee employed at the maximum salary point of either a Technical Coordinator (TC) or Technical Specialist (TS) classification immediately prior to promotion may, at the discretion of the CEO, be promoted above the base salary point of the Senior Technical Coordinator (STC) or the Senior Technical Specialist (STS) classification.

### **80. Call Out Arrangements**

80.1 Territory Generation is an essential service provider and the provision of these services necessitates employees being available for call out on a 24/7 basis.

80.2 Call out refers to a situation where an employee in receipt of availability allowance, or the call out ratio of the extra duty allowance, who is rostered to be available to return to work outside of the span of hours, is required to return to work.

80.3 The priority in all call out situations is prompt restoration of customer services in a safe and reliable manner, and to this end:

- (a) all employees participating in call out arrangements must be competent to perform the likely work requirements; and
- (b) flexible call out and response arrangements will be implemented with particular regard given to genuine safety issues and subject to maintenance of appropriate safety standards and seasonal factors.

80.4 An employee may be instructed to participate in the call out roster, but not to such an extent that:

- (a) the employee is unable to perform their duties efficiently;
- (b) the employee becomes a danger to them self or to others; or
- (c) the employee's personal circumstances, including family responsibilities, are unduly affected.

80.5 In order to limit the risk of fatigue-related impairment, the following work arrangements shall apply:

- (a) the maximum allowable time to be available for call out (on call) is two consecutive weeks, after which an employee must take one week off from being on call;
- (b) after being on call in a pattern of two (2) weeks on, one (1) week off continuously for eight (8) weeks, an employee must take three consecutive weeks off from being on call, after which the pattern of two weeks on call, one week off on call, may resume; and
- (c) variations to clauses 80.5(a) and 80.5(b) may only occur in exceptional circumstances and will require the employee and manager to identify and assess factors, which may contribute to or increase the risk of fatigue. This assessment will inform control measures that need to be implemented to mitigate the risk of

fatigue. Any variations will require agreement from the employee and requesting manager and must be recorded.

80.6 Current work practices, particularly in relation to call out crew rosters, numbers and composition, rest periods, and vehicles types and numbers need to be under constant review and reform to meet best practice standards.

80.7 Rest Period

- (a) The general principle underlying the rest period is for the employee to recover and to be able to safely undertake the work at hand.
- (b) In circumstances such as particularly adverse weather, arduous work, repeated telephone calls or alarms or repeat call outs of more than four (4) hours in total, the nominated team leader in conjunction with Technical Coordinators may decide to stand down an employee or a crew, without loss of pay, for a rest break irrespective of the duration or number of call outs.
- (c) The actual hours worked during any single call out or multiple call outs between close of business and 8 pm will not count towards any entitlement for a rest period.
- (d) Where the actual hours worked during any single call out or multiple call outs (cumulative) between 8 pm and one and a half (1½) hours before normal start time is three (3) hours or more, the employee will be entitled to a rest period of 10 hours commencing on completion of the last job (when the employee has advised their Technical Coordinator that they have completed the allocated work and returned home).
- (e) Where the actual hours worked during any single call out or multiple call outs (cumulative) between 10 pm and one and a half hours before normal start time is less than three hours, and where exceptional circumstances exist, the manager may consider an appropriate stand down period without loss of pay, relevant to the particular circumstances.
- (f) Subject to clause 80.4, regardless of any entitlement to a rest period, an employee who is rostered for call out must remain available for call out.

80.8 Call out times and minimum payments

- (a) Subject to clause 80.8(d), the minimum payment for an employee in a call out situation will be two (2) hours at double time, or two (2) hours at double time and a half on a public holiday.
- (b) A call out will be treated as continuous with an earlier call out if it is received within the minimum payment period of two (2) hours and the employee has not returned home.
- (c) A call out received during the minimum payment period of two (2) hours, but after the employee has returned home will be treated as a separate call out for the purposes of the minimum payment period.

- (d) If an employee attends a call out within an hour of the agreed start time (e.g. 7.30 am), the call out will be deemed to be overtime and unless otherwise entitled to a rest period, the employee will commence duty at the normal time.

## **81. Relief for Regional Centres**

- 81.1 The parties recognise that from time to time it will be necessary to send employees to Alice Springs, Katherine, Tennant Creek and Yulara (“regional centres”) to provide relief for periods of unplanned leave, planned leave and to cover recruitment action.
- 81.2 The parties acknowledge that to assist in such situations, early advice from the employees at the regional centre is required where operationally possible.
- 81.3 The process for applying for relief is as follows:
  - (a) Employees from the regional centre advise their supervisor of any planned leave or periods where they expect to have less than the minimum number of staff available to cover the roster, well in advance of the relief period.
  - (b) Where there is no ability to provide advance notice of a decrease in minimum numbers, employees in the regional centre must advise their supervisor as soon as they become aware of the situation.
  - (c) The supervisor will then source relief staff from within Territory Generation as soon as practicable.
  - (d) The supervisor will notify the relevant manager of the work unit that a request has been received from the regional centre and keep them informed of the progress to provide relief staff.
- 81.4 Territory Generation recognises that the appropriate resourcing of regional centres, as referred to in clause 81.1, is essential for:
  - (a) delivering essential services;
  - (b) managing the risk of fatigue; and
  - (c) providing for employees to achieve an appropriate work life balance.
- 81.5 Territory Generation commits to developing a resourcing strategy for regional centres in line with the elements referred to in clause 81.4.
- 81.6 The strategy will be completed within 12 months of commencement of the Agreement and be developed in consultation with the relevant unions.
- 81.7 Territory Generation will continue to manage regional resourcing in line with normal practices. In addition, Territory Generation will commence implementation of any strategy referred to in clause 81.5 as soon as reasonably practicable after development and approval.

- 82.2 Work performed with prior approval in excess of such a period will be paid at overtime rates until a meal break commences, except where an employee chooses to defer such a meal break and work for a period not exceeding six (6) hours continuous work, in which case no penalty payment will apply.
- 82.3 Overtime Meal Breaks and Allowances
- (a) There will be no meal break taken or meals supplied or payment in lieu unless the employee continues working after the time they become entitled to a meal break.
  - (b) When a meal break is taken it will not be counted as time worked when calculating the entitlement to a second or subsequent meal break.
  - (c) When one and a half ( $1\frac{1}{2}$ ) hours overtime or more is worked immediately before the commencement of ordinary hours, the employee will be allowed a meal break of 20 minutes which will be paid at ordinary rates and will be taken immediately before the commencement of ordinary time.
  - (d) When one and a half ( $1\frac{1}{2}$ ) hours overtime or more is to be worked immediately after the ordinary hours the employee will be allowed a meal break of 20 minutes which will be paid at ordinary rates and will be taken at the conclusion of ordinary hours.
  - (e) Territory Generation and the employee concerned may agree to a variation of this provision to accommodate particular circumstances, but in no case will Territory Generation be required to make any payment with respect to any time allowed in excess of 20 minutes.
  - (f) Where an employee is required to work overtime which is not immediately before or after ordinary hours they will be allowed a meal break of 20 minutes without deduction of pay after each four (4) hours of overtime worked.
  - (g) Where an employee (other than a shiftworker) is required to work overtime on a Saturday, the first prescribed meal break will, if occurring between 10.00 am and 1.00 pm, be paid at ordinary rates.
  - (h) An employee working overtime in accordance with clauses 82.3(c) to 82.3(g) will be allowed a second or subsequent meal break of 20 minutes without deduction of pay after each further four (4) hours of overtime worked.
  - (i) An employee is entitled to be supplied a meal or paid an overtime meal allowance at the rate specified in Schedule 2 on each occasion that the employee is entitled to a meal break in accordance with this clause, except where the employee has been advised by their manager at least the day before the overtime is worked, that the amount of overtime to be worked will necessarily invoke the meal break provisions of this clause.

An employee's shift will not be changed by Territory Generation except by one (1) weeks notice or upon payment of a penalty. Such penalty will be calculated at the rate of double time for all time worked for the period during which the notice of change is less than the requisite notice period.

83.6 Shift loadings apply in addition to the ordinary rate of pay at the following percentage rates:

- 4.4.4** The surplus employee may be retrenched at any time within the period of notice under clause 4.4.3, at the direction of the CEO or the request of the employee, in which case the employee is entitled to receive payment in lieu of salary for the unexpired portion of the notice period.
- 4.4.5** A surplus employee retrenched in accordance with this clause is entitled to be paid a sum equal to the following weeks salary including, where applicable, Northern Territory allowance:
- (a) for an employee with at least one year but less than two years service: four weeks salary;
  - (b) for an employee with at least two years but less than three years service: six weeks salary;
  - (c) for an employee with between three years and three and a half years service: seven weeks salary; and
  - (d) for an employee with greater than three and a half years service: two weeks salary for each year of service plus a pro rata payment for the months of service completed since the last year of continuous service, provided that the maximum payable is 48 weeks salary.
- 4.4.6** For the purpose of calculating payment under clause 4.4.5:
- (a) where an employee has been acting in a higher designation for a continuous period of at least 12 months immediately prior to the date of notification that they are a surplus employee, the salary level is the employee's salary in their higher designation at the date of notification; and
  - (b) where an employee has been paid a loading (ie shiftwork payment) for shiftwork for 50% or more of the 12 months immediately preceding the date of notification, the weekly average amount of shift loading received during that period shall be counted as part of "weeks salary".
- 4.4.7** The inclusion of allowances or loadings as salary, other than those specified in clause 4.4.6, will be at the discretion of the employer.
- 4.4.8** The entitlement under:
- (a) clause 4.4.3 constitutes notice for the purposes of section 117 of the FW Act; and

(b) clause 4.4.5 includes the employee's entitlement to redundancy pay for the purposes of section 119 of the FW Act.

**4.4.9** All accrued recreation leave, long service leave and leave loading entitlements, including pro rata entitlements must be paid out.

**4.4.10** Subject to clause 4.4.11, a surplus employee retrenched under this clause is entitled to all reasonable removal and relocation expenses. This entitlement must be used within 90 days after the date of voluntary retrenchment unless otherwise approved by the employer.

**4.4.11** A surplus employee who has a leave airfare entitlement under PSEM By-law 33 or 47 is entitled to the use of or payment equivalent to one accrued airfare entitlement for the employee and their recognised dependents. This entitlement is in lieu of removal and relocation expenses in clause 4.4.10, and this must be used within 90 days after the date of voluntary retrenchment, unless otherwise approved by the employer.

#### **4.5 Notice of Redundancy**

**4.5.1** A surplus employee cannot be given notice under this clause unless the employee has:

- (a) been offered a voluntary retrenchment and has declined that offer; or
- (b) has requested a voluntary retrenchment and the employer has refused the request.

**4.5.2** Subject to clause 4.5.5, where the employer determines that a surplus employee is unable to be placed in other suitable employment:

- (a) the employee is entitled to 26 weeks formal notice of redundancy; or
- (b) where the employee has 20 or more years service or is over the age of 45 years, the employee is entitled to 52 weeks formal notice of redundancy.

**4.5.3** In addition to notice of redundancy under clause 4.5.2, a surplus employee must be given four weeks formal notice (or five weeks if the employee is over 45 years) where the relevant period of notice under clause 4.5.2 has expired and the employee cannot be placed in other suitable employment and will be terminated.

**4.5.4** The period of notice under clause 4.5.3 constitutes notice for the purposes of section 117 of the FW Act.

**4.5.5** The period of notice under clause 4.5.2 will be offset by the number of weeks of redundancy pay to which the surplus employee is entitled under section 119 of the FW Act and will be paid on termination.

*Example: A 50 year old employee with four years service has been given notice of redundancy. The employee will receive a total redundancy entitlement of 52 weeks, comprising 44 weeks notice of redundancy and the NES entitlement to eight weeks redundancy pay which will be paid on termination.*

**4.5.6** In accordance with clause 4.3.2 during the notice periods referred to in this clause the employer and CEO will continue to make all reasonable endeavours to place the surplus employee into other suitable employment.

- 4.5.7** With the approval of the CEO, a surplus employee who has received notice in accordance with clauses 4.5.2 or 4.5.3 may request that the termination occur before the expiry date of the notice period. The date requested then becomes the date of termination of employment.
- 4.5.8** Where the CEO approves a request to terminate employment before the expiry date of the notice period, the surplus employee will be entitled to receive payment in lieu of salary, including Northern Territory Allowances where applicable, for the unexpired portion of the notice periods set out in clauses 4.5.2 and 4.5.3.
- 4.5.9** A surplus employee who has declined an offer of voluntary retrenchment prior to clauses 4.5.2 and 4.5.3 being invoked, is not entitled to receive a greater payment under clause 4.5.8 than the employee would have been entitled to receive had they been voluntarily retrenched.
- 4.5.10** For the purpose of attending employment interviews, a surplus employee who has received notice in accordance with clauses 4.5.2 or 4.5.3 is entitled:
- (a) to reasonable leave with full pay; and
  - (b) to reasonable travelling and incidental expenses necessary to attend an interview where those expenses are not met by the prospective employer.

#### **4.6 Transfer to other suitable employment**

- 4.6.1** A potentially surplus employee or a surplus employee is entitled to four weeks notice in the case of a transfer to a lower designation. By agreement between the employee and the CEO, the transfer may occur before the expiry of the four week notice period.
- 4.6.2** A potentially surplus employee or a surplus employee is entitled to all reasonable expenses associated with moving their household to a new location if, in the opinion of the employer the transfer is necessary to enable the employee to take up suitable employment.
- 4.6.3** Where a potentially surplus employee or a surplus employee is transferred to a lower designation and salary the employee will be entitled to income maintenance payments as follows:
- (a) where the period of notice of redundancy has already been invoked, the greater of:
    - (i) the unexpired portion of the period of notice of redundancy that applies to the surplus employee under clause 4.5.2; or
    - (ii) four weeks; or
  - (b) where the period of notice of redundancy has not yet been invoked, for the period of notice of redundancy that might otherwise have applied to the employee under clause 4.5.2.
- 4.6.4** Income maintenance payments are calculated as follows:

- (a) an amount equivalent to the difference between the employee's nominal salary on the day immediately preceding the transfer and the nominal salary upon transfer; or
- (b) where an employee has been acting in a higher designation for a continuous period of 12 months immediately prior to the date on which they received notice of the transfer, the difference between the employee's higher duties salary and the lower salary upon transfer.

**4.6.5** The inclusion of allowances or loadings as salary, other than higher duties allowance in accordance with clause 4.6.4(b) is at the discretion of the employer.

**4.6.6** An employee who is eligible for the payment of income maintenance is entitled to receive compensation for all other identifiable and quantifiable disabilities, losses and expenses experienced or incurred by reason of their transfer which in the opinion of the employer were brought about by the transfer.

#### **4.7 Use of Accrued Personal Leave**

**4.7.1** Subject to clause 4.7.2, the periods of notice under clauses 4.5.2 and 4.5.3 will be extended by any periods of approved personal leave taken during such periods supported by documentary evidence in the form of a medical certificate issued by a registered health practitioner.

**4.7.2** For the purposes of an employee entitled to income maintenance under clause 4.6.3, the total extension permitted under clause 4.7.1 is capped at six months.

*Example: A 50 year old employee with 10 years service receives notice of redundancy under clause 4.5.1(b). Ten weeks into the 52 week period of notice, the employee is transferred to a position of a lower designation and salary. The employee is entitled to income maintenance for 42 weeks. However, during the income maintenance period the employee takes four weeks certificated personal leave, with the result that the total period of income maintenance ends up being 46 weeks.*

#### **4.8 Right of Review**

**4.8.1** A surplus employee will have a right of review to the employer against any administrative decision made in relation to their eligibility for benefits under these provisions or in relation to the amount of those benefits.

**4.8.2** This right does not affect the employee's rights under the FW Act.

#### **4.9 Substitution or Other Provisions**

**4.9.1** Where the employer and the employee (and where requested by the employee, the relevant union) agree, provisions may be applied to a potentially surplus employee or a surplus employee which are in addition to, or in substitution for, any or all of the provisions prescribed in this Schedule.

#### **4.10 Exemption**

**4.10.1** These provisions do not apply to fixed period or casual employees unless otherwise approved by the employer.
