

SCHOOLS CLOSURE – IMPACT ON NTPS EMPLOYEES

The Chief Minister has declared the closure of government schools in the greater Darwin area and some other schools affected by the path of a potential cyclone on Wednesday 14 March 2012.

Employees who are primary care givers and who are required to care for their children as a result of the closure of schools and day care centres are considered to be “released from duty” until schools and day care centres re-open.

Employees who are unable to attend work due to road closures, may make arrangements to work from home or access emergency leave.

A handwritten signature in black ink, appearing to read 'Graham Symons', written over a horizontal line.

GRAHAM SYMONS
Commissioner for Public Employment
