

Identity

Leadership style and supportive relationships

Course Duration – 1 Day

Course Cost – \$750 pp

CLF level Alignment

Middle Manager Development Framework Alignment

Overview

The Identity program provides leaders with a framework to evaluate and enhance their individual leadership styles and strengths. Gaining a greater understanding of your own leadership identity enables leaders to develop more supportive peer networks and improve relationships with individual team members. Through this framework, leaders will understand how to turn up as the best version of themselves, through authentic, inspiring and values-based leadership.

Who should attend this course?

All NTPS employees. This program builds a clear understanding of our identity through the lens of our past, present and future. The aim here is to broaden your views on leadership to be motivated and inspired to embrace change and lead from the front developing supportive peer networks to lead others.
